#### ABOUT EWLA

The European Women Lawyers Association (EWLA) is registered in Belgium as an international non-governmental, non-profit association (Association Internationale Sans But Lucratif). It is a federation of national women lawyers associations from EU Member States and from EFTA countries. Members of EWLA are also individual women lawyers and academics from these countries. EWLA pursues the co-operation of European women lawyers, in order to combine their specific expertise in monitoring law and politics seen from a fundamental rights perspective, and in particular gender equality.
